

PERFECTION SERVICES LTD.

HSSE POLICY STATEMENT

HSSEQ-P-001

At Perfection Services Limited (PSL) we believe in delivering only the highest quality products with exceptional service. We are committed to undertake our operations with a view to minimize potential Health, Safety and Environmental risk to all stakeholders.

This can be achieved by adhering to the following principles:

- Identification and evaluation of all HSSE hazards and the management of the related risks to acceptable levels decided by the organization.
- Provision of safe working conditions, equipment and safe handling and transport of harmful substances.
- Compliance with all company policies and applicable HSSE legislation and reviewing all policy at least once every three years
- Prevention of accidents, injuries and pollution or harm to the environment and implementation of adequate emergency response procedures for all foreseeable situations.
- Providing appropriate training, disseminating adequate information and supervising accordingly to ensure competence of all employees
- Recording, communicating and consulting on the HSSE performance throughout the organization.
- Reporting of all accidents and incidents as well as monitoring and trending of HSSE statistics and performance,
- Provision of safe system of work for all company operations
- Continual improvement of HSSE performance.

It is our vision at PSL to make measurable improvements in the Health, Safety, Security and Environmental (HSSE) aspects of our products, services and operations - and to do so continually.

A handwritten signature in blue ink, appearing to read 'D. Roberts', is written over a horizontal line.
